# EAST EUROPEAN ACCESSIONS LIST

.1. 3, No. 3

MARCH 1954

---

THE LIBRARY OF CONGRESS

WASHINGTON: 1954

## Introduction

The *East European Accessions List* is a monthly record of monographic publications issued after 1944 and periodical publications issued after 1950 that are currently received by the Library of Congress and, as indicated, by other American libraries. Imprints of the following countries as well as publications issued elsewhere in the languages of these countries are included:

Albania	Latvia
Bulgaria	Lithuania
Czechoslovakia	Poland
Estonia	Rumania
Hungary	Yugoslavia

The List includes three parts:

The first part lists monographic and periodical publications for each country, grouped under general subjects with monographs and periodicals separately alphabetized under each subject. Monographs in series and annual publications are treated as monographs and are listed in the list of monographs. Entries appear under the following general subjects based on the Library of Congress Classification:

- |  |   |
|--|---|
| 1. General                                   | 9. Music                                  |
| 2. Philosophy and Religion                   | 10. Fine Arts                             |
| 3. History and Description                   | 11. Language and Literature               |
| 4. Geography, Anthropology, Sports and Games | 12. Science                               |
| 5. Social Sciences                           | 13. Medicine                              |
| 6. Political Science and International Law   | 14. Agriculture—Plant and Animal Industry |
| 7. Law                                       | 15. Technology                            |
| 8. Education                                 | 16. Military and Naval Sciences           |
|  | 17. Bibliography and Library Science      |

Each monograph is listed in the original language or in transliteration—in accordance with the Library of Congress practice—followed by a translation of the title. Each periodical is listed in the original language or in transliteration followed by a translation of the title or a descriptive annotation in English. Receipts are recorded by volume, number and date. Contents (in English) are provided for selected periodicals in accordance with their importance and the availability of staff.

The second part is a subject guide to both monographic and periodical publications listed in the first part. In citing periodical articles the following abbreviations are used for the months of the year:

Ja	January	My	May	S
F	February	Je	June	O
Mr	March	Jl	July	
Ap	April	Ag	August	

The third part is a cumulative list of the periodicals and symbols used for the individual periodicals. A symbol denoting the subject of each title is given following the periodical title.

Certain forms of material, such as textbooks below the general cataloged by the Library nor are they included in use in groups arranged only by subject. Newspapers current

The *East European Accessions List* is for sale by the Printing Office, Washington 25, D. C.

Price 50 cents a copy; subscription price, \$4.25 a year
